November 15, Amsterdam

3MSM Health Care Academy

Class II treatment with ForsusTM Correctors

with Dr. Lisa Alvetro

3morthoexcellence.com

► 3M Ortho Excellence 2019

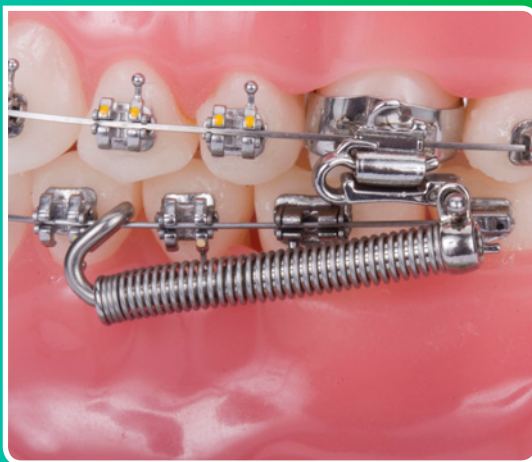

With great pleasure we invite orthodontists from all over Europe for a special seminar that takes place in Amsterdam on November 15. During this seminar Dr. Lisa Alvetro will discuss the theme 'Class II treatment with Forsus™ Correctors'. On an advanced level, you'll go through all the treatment steps of an efficient and successful Class II correction: from analysis and biomechanics to the accurate placement of the bracket and the most sufficient bonding protocol. On top, get to know the benefits of the Forsus Class II Corrector system and the best way to use it in your daily practice. Book your seat in time on the website.

We hope to see you in Amsterdam!

The 3M™ Forsus™ Corrector

This appliance continuously applies light forces without the need to make daily changes or adjustments. Therefore, you can quickly achieve treatment goals. The Forsus Appliance can be placed in a single appointment. Patients are able to open their mouths wider than with other treatment options and external headgear is not required anymore.

► About Dr. Lisa Alvetro

After receiving her DDS with highest honors from Ohio State University, Dr. Alvetro completed her residency at Case Western Reserve University where she is now an Associate Clinical Professor. Dr. Alvetro continues to study and train her staff to stay current in the latest developments in the field of orthodontics. She lectures extensively throughout the United States and abroad sharing to share her experience and expertise. Besides her profession she shares her passion for community service through her Angel House Orphanage in Tanzania, Africa.

3M is proud to welcome Lisa back to the Netherlands this year to inspire her European colleagues.
